

LINEA Globo

L'originale interpretazione di una sfera luminosa viene offerta nelle varianti: i lustri metallici, contenenti 24 carati di oro o 22 carati di platino, stesi a pennello nella ceramica precedentemente smaltata e nuovamente cotti a 720°; il bellissimo nero iridato, steso anch'esso manualmente, a pennello o a spruzzo e poi cotto; le particolari finiture mat del nero e del bianco, con il loro affascinante aspetto opaco e setoso.

The original interpretation of a luminous sphere is offered in variants: metallic luster, containing 24 carat gold or 22 carat platinum, manually done by brush in previously glazed ceramic; the beautiful iridescent black, also manually done by brush or spray; the special matte glazed finish of black and white, with their charming looks opaque and silky.

Art. GLO/PT

BL = Bianco lucido / Glossy white
